Attention Alex Kondor,

This letter is to request a revision be made to the Development Variance Permit submitted previously to the City of Kelowna for the proposed 1055 Frost Road Development. The development site has been redesigned to eliminate all over height retaining walls. The original request to increase the maximum height allowance for retaining walls can be dismissed.

We ask that the Development Variance Permit be updated to capture the recent 5-storey height determination for all 4 proposed residential buildings, as this exceeds the 4.5-storey maximum in the current Zoning Bylaw (Bylaw No. 8000).

Thank you, and best regards,
-Eric
