
CITY OF KELOWNA
MEMORANDUM

Date: January 8, 2001
File No.: 0360-20
To: City Manager
From: Planning and development Services Department
Subject: APPOINTMENT OF ADVISORY PLANNING COMMISSION MEMBERS

1.0 RECOMMENDATION

THAT Municipal Council appoint the following candidates to the Advisory Planning Commission for the respective terms, effective January 1, 2001:

John Welder	3 year term, expiring December 31, 2003
George Babcock	3 year term, expiring December 31, 2003
Philip Long	1 year term, expiring December 31, 2001;

AND THAT Municipal Council reappoint Vera Spika to the Advisory Planning Commission for a second term of three years, expiring December 31, 2003.

2.0 SUMMARY

The current Advisory Planning Commission has three vacancies. Charles Wilkins and Robert Fugger have both completed two full terms and therefore are not eligible for reinstatement. The Planning and Development Services Department has acknowledged their contribution to the Commission and has thanked them for their service. Jay Teichrob resigned his position in December 2000 and therefore leaves one more year of his term open for replacement. Jay is pursuing a career change in the lower mainland and will not be able to complete his second term. The Planning and Development Services Department recommends that John Welder and George Babcock be appointed to three year terms to replace Charles Wilkins and Robert Fugger. These new candidates were selected due to a combination of their relative experience and the geographical representation.

Planning Staff further recommend that Philip Long be appointed to fulfill the remainder of the term previously held by Jay Teichrob. Should Council agree to these appointments, Mr. Long would be able to qualify for two full terms (three years each) should he be considered for reappointment in December 2001.

Vera Spika has requested that she be reappointed for her second three year term which will expire December 31, 2003. The Planning and Development Services Department fully supports Ms. Spika's reappointment to the Advisory Planning Commission.

Andrew Bruce
Current Planning Manager

Approved for inclusion
