**CITY OF KELOWNA**

**MEMORANDUM**

---

**Date:** November 14, 2001  
**File No.:** Z98-1021, KAP 68647 & BL 8768  
**To:** City Manager  
**From:** Development Engineering Manager  
**Subject:** Frost Road Closure

---

**RECOMMENDATION**

That Council authorize staff to prepare a Road Closure Bylaw for Frost Road;  
AND that Frost Road Closure Bylaw No. 8768 be advanced for reading consideration.

**BACKGROUND**

Prior to the creation of Mission Neighbourhood #2, access to this area was limited to Frost Road. As a result of the neighbourhood development, Killdeer Road was constructed from Chute Lake Road to the intersection of Frost Road.

The portion of Frost Road under review is from Chute Lake Road to the Killdeer Road intersection. East of this intersection, Frost Road would be renamed and the closed portion would continue to exist under the name Frost Road.

With the creation of Mission Neighbourhood Number #2, it was resolved that staff would monitor the traffic activity on Frost Road and if warranted, staff would recommend to Council that the portion of Frost Road under discussion would have limited access. Staff monitored the traffic and it has increased to a level that warrants the closure at one end.

The six affected properties on Frost Road have been contacted and all are in favor of the closure and the location of the closure. Access to these properties would continue to be from the Chute Lake Road/Frost Road Intersection.

Until final approval by Council, an interim closure will be in place due to construction concerns.
