AND THAT Water Specified Area No. 16 (Byrns/Benvoulin Road) Bylaw No. 8886 be advanced for reading consideration.

### BACKGROUND

Under the provisions of the *Local Government Act* a Council may create a specified area for the provision of a service if requested by a petition from the affected property owners. On August 12, 2002, the Clerks department received a petition signed by owners of fifteen of the seventeen properties that would be included in the new specified area. Section 631 of the *Act* requires that a petition for work must be signed by at least 2/3 of the owners of the affected parcels making up at least 50% of the assessed land value of all the affected parcels.

The petition met all the requirements set out in the *Act* and the Certificate of Sufficiency is attached to this report.
