**RECOMMENDATION**

THAT Council receive the Certificate of Sufficiency dated March 26, 2003 pertaining to the Sewer Specified Area No. 22F (Mills Road) Bylaw No. 8965;

AND THAT Sewer Specified Area No. 22F (Mills Road) Bylaw No. 8965 be advanced for reading consideration.

**BACKGROUND**

Under the provisions of the *Local Government Act* a Council may create a specified area for the provision of a service if requested by a petition from the affected property owners. On March 21, 2003, the Clerks department received a petition signed by owners of thirty-four of the forty-eight properties that would be included in the new specified area. Section 631 of the *Act* requires that a petition for work must be signed by at least 2/3 of the owners of the affected parcels making up at least 50% of the assessed land value of all the affected parcels.

The petition met all the requirements set out in the *Act* and the Certificate of Sufficiency is attached to this report.
