--	---

At: 2091 Springfield Road

Existing Zone: P-2 (Education and Minor Institutional)

Prepared by: Mark Koch

SEE ATTACHED FACT SHEET FOR COMPLETE APPLICATION DETAILS

1.0 RECOMMENDATION

THAT Council authorize the extension of the 180 day period for issuance of Development Variance Permit DVP02-0029 for Lot A, D.L. 128, O.D.Y.D., Plan 20452 except Plan 43402 – Springfield Road, for a period of 180 days to February 13, 2004.

2.0 SUMMARY

Development Variance Permit application No. 02-0029 was authorized for issuance by Council on August 13, 2002. The application permits three minor additions to an existing religious assembly.

Unless otherwise specified by Council resolution, Council Policy 236 requires that all conditions of issuance be met within six months (180 days) after a resolution approving a Development Variance Permit. After that time period, the resolution will usually be void and the file closed.

The applicant has indicated that his client is not in a financial situation to proceed with the anticipated 1.5 million dollar renovation project, due to the collapsed sale of their Gordon Drive property. It is anticipated that this property will be sold towards the end of this summer, as they have already received several written offers. Once in possession of these funds, it is then expected that the renovations will proceed.

The applicant has submitted the necessary Development Variance Permit Extension application form, as well as the necessary fees.

Staff recommends in support of the 180 day extension to the Development Variance Permit Extension to February 13, 2004.

Andrew Bruce
Current Planning Manager

Approved for issuance ☐

R.L. (Ron) Mattiussi, ACP, MCIP
Director of Planning & Development Services
