2.0 SUMMARY

Currently the area shown on the north side of South Crest Drive extension is designated for a future school site and the area on the south side is designated for single/two unit residential development. This application proposes the exchange of these land uses by designating the area on the north side of the South Crest Drive extension as single/two unit residential development and designating the area on the south side for a future school site.

There is a concurrent subdivision application being processed for 13 single family residential lots and one future school site.

2.1 Advisory Planning Commission

This application was reviewed by the Advisory Planning Commission at the meeting of June 3, 2003 and the following recommendation was passed:

THAT the Advisory Planning Commission supports Official Community Plan Application No. OCP03-0006 and Rezoning Application No. Z03-0025, 5198 South Ridge Drive, Lot A, Plan 68646, Sec. 19, Twp. 29, SDYD, Summit South Developments Joint Venture (Mike Jacobs), to amend the Official Community Plan Future Land Use map and rezone the property to the P2-Education & Minor Institutional zone and the RU2-Medium lot Housing zone in order to allow for a 13 lot single family residential development and a potential school site.

3.0 BACKGROUND

3.1 The Proposal

Presently the land to the north of the South Crest Drive extension is designated Institutional and zoned P2 – Education and Minor Institutional for a future school site and the land to the south is zone RU2 for single family residential development. Further review of the potential road alignments in this area has shifted the extension of South Crest Drive slightly to the north, which results in a slightly smaller P2 site. Therefore, it has been determined and agreed to by the School District, that a more suitable location at this time would be on the south side of the future extension of South Crest Drive. This essentially results in an exchange of the existing land uses, which this application proposes.

There is a concurrent subdivision application being processed, which proposes 13 RU2 single family residential lots and one P2 lot.

CRITERIA	PROPOSAL	RU2 ZONE REQUIREMENTS
Site Area (m ²)	468 – 1045.1	400
Site Width (m)	13 – 22.5	13 (15 for corner lot)
Site Depth (m)	31.4 min	30

The Official Community Plan designates the subject property for single/two unit residential development and Educational/Major Institutional.

3.4.3 Southwest Okanagan Mission Sector Plan

The Southwest Okanagan Mission Sector Plan identifies generalized road locations, density, and form of housing. The current proposal is in accordance with the general parameters set out in the Plan.
