
CITY OF KELOWNA
MEMORANDUM

Date: March 24, 2004
File No.: 0360-20
To: City Manager
From: Planning & Corporate Services Department
Purpose: To appoint one new alternate member to the Agricultural Advisory Committee
Report Prepared by: Mark Koch

1.0 RECOMMENDATIONS

THAT Council appoint Lorne Antle as an alternate member of the Agricultural Advisory Committee, effective immediately for the term expiring December 31, 2005;

2.0 SUMMARY

The City of Kelowna Agricultural Advisory Committee (AAC) has a vacancy for two alternate committee members. Council recently amended the Agricultural Advisory Committee Terms of Reference in order to allow for two alternate committee members, as the committee has recently had difficulty having a quorum.

As a result of these vacancies the Planning & Corporate Services Department recommends that Lorne Antle be appointed to the vacant AAC position. Furthermore, Lorne Antle serves as an alternate member of the Advisory Planning Commission (APC). His enthusiasm in that capacity has been greatly appreciated, and it is felt that the AAC would similarly benefit from his knowledge and efforts. The second APC alternate member recently resigned, and when a replacement is found, the Planning & Corporate Services Department will be in a position to make a recommendation to Council to fill the second alternate AAC member position.

It is the recommendation of the Planning & Corporate Services Department that Lorne Antle be appointed as an alternate AAC member. He has previous municipal and business administration experience, and would be an asset to the Committee while serving in an alternate capacity.
