AND THAT final adoption of the OCP amending Bylaw No. 9211 and Zone Amending Bylaw No. 9212 be withheld pending the connection of the proposed congregate care facility to the sanitary sewer system and the registration of legal access agreements in favour of the adjacent properties;

AND THAT final adoption of the zone amending bylaw be considered following registration of a Road Reservation Agreement in the Land Title Office;

AND FURTHER THAT final adoption of the OCP and zone amending bylaws be considered subsequent to the provision of an executed Housing Agreement.

2.0 BACKGROUND

At the regular meeting of Council on Monday June 7, 2004, a resolution was adopted by Council to reconsider Resolution No. R498/04/05/18 defeating OCP Amending Bylaw No. 9211. This was based on the information that the applicant was now prepared to connect the property to sanitary sewer. As it has been deemed that this is new information it is necessary to go back to a new Public Hearing with both the OCP amending bylaw and the Zone amending bylaw.

When the resolution to rescind the defeating bylaw was adopted members of Council also indicated that they would like the easement/access issues that were raised at the Public Hearing for Bylaws 9211 and 9212 be addressed if they were to reconsider the OCP amending and rezoning applications. Based on this it is the recommendation of staff that the applicant enter into the necessary easement agreements to maintain the current access that the adjacent property owners have to Band Road. In addition, it is recommended that the owner enter into a road reservation agreement, for those portions of the property shown on Map "A", to allow for the required road links necessary for the future development of the adjacent properties.

As indicated in our report dated March 30 22004, the RM3 – Multiple Housing zone was not envisaged in the Official Community Plan designation for this area or Highway 33 East Area Structure Plan, however it is the zone necessary to facilitate the proposed congregate care use. Registration of a Housing Agreement can ensure that only the use requested will be facilitated by this rezoning, and is recommended for this proposal.
