4.0 SITE CONTEXT

The subject property is located in the Belgo area of Kelowna, having frontage on both Walburn Road to the east, and Garner Road to the south. The current use is predominantly an apple orchard.

Existing development consists of two single family dwellings. One dwelling is located on the east side of the property, having driveway access to Walburn Road. A second dwelling is located on the west side of the property, having driveway access to Garner Road.

BCLI Land Capability

The unimproved land classification for the subject area falls primarily into Class 4 (86%), with some Class 5 as well (14%).
