

DRAFT RESOLUTION

Re: Liquor Licensing Application No. LL09-0001 – City of Kelowna – 1375 Water Street

THAT Liquor Licensing Application No. LL09-0001, which was given approval on April 7, 2009 under Resolution No. R456/09/04/07, be rescinded.

BACKGROUND:

Staff have advised that the capacity of 265 patrons in the main theatre as set out in the Report of the Community Sustainability Division dated March 13, 2009 does not meet staff's objectives. A small capacity creates control problems as it will be very difficult to manage and control a portion of the theatre patrons access to beverages, especially if there is a "sold out" event.

The ideal scenario is that all, or as many as possible, seats in the theatre (853 seats) be included in the licensing capacity. Staff are waiting to hear back from the Liquor Licensing Branch with respect to whether or not this scenario would be possible.
