This application seeks to rezone the subject property from the RU1 - Large Lot Housing zone to the RU1(s) - Large Lot Housing with Secondary Suite zone to allow a secondary suite within a single family dwelling (yet to be constructed).

3.0 BACKGROUND:

The property owners intend to build a single family dwelling on the currently vacant lot, which would include a two-bedroom suite at the basement level. - North** RU1 - Large Lot Housing
- East** P3 - Parks & Open Space (Mugford Park)
- South** RU1 - Large Lot Housing
- West** RU1 - Large Lot Housing

3.2 Site Location Map

Subject property: 408 Stetson St

4.0 **DEVELOPMENT POTENTIAL/CURRENT POLICY:**

4.1 Existing Zone (RU1 - Large Lot Housing)

The purpose of the RU1 zone is to provide a zone for single detached housing, and compatible secondary uses, on larger, serviced urban lots.

4.2 Official Community Plan

The proposal is consistent with the future land use designation of Single/Two Unit Residential in the Official Community Plan. The Single/Two Unit Residential designation covers single detached homes for occupancy by one family, single detached homes with a secondary suite, semi-detached and detached buildings used for two dwelling units, and complementary uses.

Section 8.35 - Land Utilization within Single Detached Areas: Work towards achieving more efficient use of land within developed single-detached neighbourhoods by encouraging rezoning, subdivision and building permit applications that would allow for smaller lot sizes, secondary suites, minor boarding facilities, minor group homes, duplexes etc. that are sensitively integrated into a neighbourhood;

Section 8.47 Secondary Suites: Encourage, under the conditions stipulated in the Zoning Bylaw, the creation of secondary suites;

5.2 Development Engineering Branch

See attached.

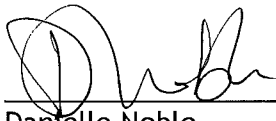

5.3 Fire Department

Requirements of Section 9.36, Secondary Suites, of the BCBC 2006 are to be met. Fire separations as per BCBC 2006. Additional address may be required.

6.0 LAND USE MANAGEMENT DEPARTMENT:

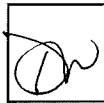

The Land Use Management Department recommends support for this application. Policies within the Official Community Plan affirm the sensitive integration of infill in established neighbourhoods where services are already in place and densification can easily be accommodated. The proposal allows for more efficient use of the subject property and helps to diversify the housing supply in the area. The property would accommodate four off-street parking stalls, meeting the Zoning Bylaw requirements for a single family dwelling with a secondary suite.

CONNECTION & METER FEES:

As per Bylaw No. 667, the connection fee for a single family dwelling is **\$300.00** plus an additional **\$100.00** for the legal suite. A meter assembly is also required for the home and is to be installed by Corix Utilities. The cost for a meter based on an installation to a newly constructed dwelling is **\$383.55**. Additional meter fees may apply due to plumbing configuration.

CAPITAL CHARGES:

Capital Charges for the dwelling were covered as part of the original subdivision approval. As per bylaw No. 678, the capital expenditure charge for the proposed addition of a suite is **\$1,080.00**. This money is to fund water source development and larger supply mains as defined in the BMID Capital Plan.
