

Memo

Date: February 19/10

To: City Manager

From: Community Sustainability Division

File No: OCP09-0017/Z09-0079 **Applicant:** Meiklejohn Architects Inc.

At: 3441, 3451, 3461 & 3471 **Owner:** Natisa Development Corp. /
Lakeshore Road City of Kelowna

Purpose: TO AMEND THE OFFICIAL COMMUNITY PLAN FUTURE LAND USE DESIGNATION FOR TWO OF THE SUBJECT PROPERTIES FROM THE "MAJOR PARK/OPEN SPACE" DESIGNATION TO THE "COMMERCIAL" DESIGNATION TO ACCOMMODATE THE PROPOSED MIXED-USE DEVELOPMENT

TO REZONE THREE OF THE SUBJECT PROPERTIES FROM P3 - PARKS & OPEN SPACE AND RU6 - TWO DWELLING HOUSING ZONES TO THE C9 - TOURIST COMMERCIAL ZONE TO ACCOMMODATE THE PROPOSED MIXED-USE DEVELOPMENT

Existing Zones: C9 - Tourist Commercial
 P3 - Parks & Open Space
 RU6 - Two Dwelling Housing

Proposed Zone: C9 - Tourist Commercial

Existing Future Land Uses: Commercial and Major Park/Open Space

Proposed Future Land Use: Commercial

Report Prepared by: Luke Turri

1.0 RECOMMENDATION:

THAT OCP Bylaw Amendment No. OCP09-0017 to amend Map 19.1 of the Kelowna 2020 - Official Community Plan Bylaw No. 7600 by changing the Future Land Use designation of Lot 3, District Lot 134 ODYD Plan 38150, and Lot 39 District Lot 134 ODYD Plan 3886 except Plan KAP76671, located at 3441 & 3451 Lakeshore Road, Kelowna BC from the Major Park/Open Space designation to the Commercial designation as shown on Map "A" attached to the report of Land Use Management Department, dated February 19, 2010, be considered by Council;

THAT Rezoning Application No. Z09-0079 to amend the City of Kelowna Zoning Bylaw No. 8000 by changing the zoning classification of Lot 3, District Lot 134 ODYD Plan 38150, and Lot 39 District Lot 134 ODYD Plan 3886 except Plan KAP76671, located at 3441 & 3451 Lakeshore Road, Kelowna BC from the P3 - Parks & Open Space zone to the C9 - Tourist Commercial zone; and changing the zoning classification of Lot 36 District Lot 134 ODYD Plan 3886 located at 3471 Lakeshore Road, Kelowna BC, from the RU6 - Two Dwelling Housing zone to the C9 - Tourist Commercial zone, be considered by Council;

THAT the OCP Bylaw Amendment No. OCP09-0017 bylaw and the zone amending bylaw be forwarded to a Public Hearing for further consideration;

THAT final adoption of the zone amending bylaw be considered subsequent to lane closure and the registration of a plan of subdivision to consolidate the properties into one title;

THAT final adoption of the zone amending bylaw be considered in conjunction with Council's consideration of a Development Permit and Development Variance Permit on the subject properties;

AND THAT final adoption of the zone amending bylaw be considered subsequent to the requirements of the Development Engineering Branch being completed to their satisfaction.

2.0 SUMMARY:

An eight storey mixed-use building is proposed. The applicant seeks to consolidate the five subject properties and to rezone three of the properties from the P3 - Parks & Open Space, and the RU6 - Two Dwelling Housing zone to the C9 - Tourist Commercial zone. The OCP Future Land Use designation for two of the properties would also be amended to allow the zoning change. Pending Council approval of the OCP amendment and rezoning bylaw, a Development Permit and Development Variance Permit would be required at a later date.

3.0 ADVISORY PLANNING COMMISSION:

The above noted application was reviewed by the Advisory Planning Commission at the meeting on February 2, 2010 and the following recommendations were passed:

THAT the Advisory Planning Commission support Official Community Plan Application No. OCP09-0017, for 3441, 3451, 3461 and 3471 Lakeshore Road; to amend the Official Community Plan future land use designation for two of the subject properties from the "Major Park/Open Space" designation to the "Commercial" designation.

THAT the Advisory Planning Commission support Rezoning Application No. Z09 0079, for 3441, 3451, 3461 and 3471 Lakeshore Road; to rezone the subject properties from the P3 - Parks & Open Space and RU6 - Two Dwelling Housing zones to the C9 - Tourist Commercial zone.

APC Comment: The Commission agreed that the proposed land use was appropriate for the site. A traffic and pedestrian safety study was recommended for the Gyro Beach area. As well, it was also suggested that the developer and the City consider health risks associated with the electrical substation and possible architectural elements to further buffer the substation from the units.

4.0 BACKGROUND AND PROPOSAL:

Two of the subject properties (3441, 3451 Lakeshore Rd) are currently owned by the City of Kelowna, accommodating a visitor parking lot for the adjacent Gyro Beach Park. The City is currently in the process of creating a parking lot at the former Pandosy Mobile Home Park (corner of Lakeshore Rd and Watt Rd) to better service Gyro Beach. As such, the parking capacity at 3441 and 3451 Lakeshore Road is no longer required by the City and the lands may be disposed of.

The proposed land assembly and redevelopment triggers a substantial road reserve covering approximately 2245m² (36%) of the original land area. This road reserve is taken in consideration of the significant improvements to the Lakeshore/Richer intersection contemplated in the future. As the intersection improvements are only at a preliminary design stage, the road reserve request encompasses the widest ultimate alignment considered for the intersection, recognizing that the full extent of this road reserve may not be required in the future.

While two of the five lots are already zoned C9 - Tourist Commercial, the two northern lots used as a parking lot (currently zoned P3 - Parks & Open Space), and the vacant southern corner lot

(currently zoned RU6) are proposed for rezoning to C9 - Tourist Commercial. While the OCP Future Land Use designation for the two northern lots is currently "Major Park/Open Space", this provision references the parking lot which is no longer necessary. As such, the proposed change to the Commercial designation is warranted and is congruent with the three neighbouring lots to the south.

The applicant is proposing an eight-storey mixed use building including six storeys of apartment housing above one storey of commercial/retail space. The commercial/retail space is placed in front of a two storey parkade, which brings the total building height to eight storeys.

Should Council give favourable consideration to the OCP and zone amendment applications, a Development Permit and Development Variance Permit would be presented at a later date. Variances to the project include setback and height variances.

The application meeting the requirements of Zoning Bylaw No. 8000 as follows:

Criteria	Proposal		C9 Zone Requirements
Existing Lot			
	Before Road Reserve	After Road Reserve	
Site Area (m ²)	6286m ²	4041m ²	1800m ²
Site Width (m)	55.5m	40.0m	30.0m

<p>① Indicates a requested variance to the maximum building height (meters/storeys). ② Indicates a requested variance to the minimum side yard setback. ③ Indicates a requested variance to the minimum rear yard setback.</p>			

4.1 Site Context

The subject property is located at the southwest boundary of the South Pandosy Urban Centre, within the South Pandosy/KLO Sector, and directly across from Gyro Beach.

Specifically, the adjacent zones and uses are as follows:

Orientation	Zoning	Land Use
North	C9 - Tourist Commercial	Future "Caban" Mixed Use Development Site
East	P4 - Utilities	Fortis Electrical Substation
South	RU1 - Large Lot Housing	Future Townhome Development Site Single Family Neighbourhood
West	P3 - Parks & Open Space	Gyro Beach Park

4.2 Site Location Map

Subject property: 3441, 3451, 3461 & 3471 Lakeshore Road

5.0 CURRENT DEVELOPMENT POLICY:

Staff recommends that the APC public process should be considered appropriate consultation for the purpose of Section 879 of the Local Government Act, and that the process is sufficiently early and does not need to be further ongoing in this case. Furthermore, additional consultation with the Regional District of Central Okanagan is not required in this case. Staff have reviewed this application and it may move forward without affecting either the City's financial plan or waste management plan.

5.1 South Pandosy/KLO Sector Plan (1997)

- Section 7.2 - Urban Form & Design
 - *Policy 1.8:* Encourage the development of landmark buildings at key intersections within the precinct and at the terminus of significant sight lines. Landmark buildings should be distinguished from other buildings through the conscientious

use of siting, common entrances, additional stories, articulation of the footprint or roofline, decorative structures, colour and other means appropriate to the setting and desired effect.

- *Policy 1.15:* Provide a strong gateway or sense of entry to the urban town centre along the north-south arterials (Northbound: Lakeshore Rd at Richter St, Southbound: Pandosy St. at Wardlaw Ave). The gateway should be established by the appropriate use of land use, site planning, building design, landscaping and street section, including landscape treatment.

5.2 Official Community Plan

- *Section 6.32 - Mixed Uses:* Work towards increasing the number of buildings with mixed uses by encouraging developers to incorporate retail uses on the lower storeys with office and/or residential above. Hotel uses could also be incorporated in all Urban Centres except Neighbourhood Centres.
- *Section 6.32 - Mixed Uses:* Work towards increasing the number of buildings with mixed uses by encouraging developers to incorporate retail uses on the lower storeys with office and/or residential above. Hotel uses could also be incorporated in all Urban Centres except Neighbourhood Centres.

6.0 TECHNICAL COMMENTS:

6.1 Building & Permitting

Architectural and engineered drawings and schedules required. Comprehensive building code analysis is to be provided. Structural and geotechnical engineer peer review required. It is recommended to work with a code consultant to address all requirements pertaining to the high rise (to be completed at time of Building Permit application).

6.2 Development Engineering Branch

See attached.

6.3 Fire Department

Fire department access, fire flows, and hydrants as per the BC Building Code and City of Kelowna Subdivision Bylaw. Engineered fire flows required to determine if present hydrant location, number of hydrants, and hydrant volume will be adequate. Code analysis required confirming all life safety issues in BC Building Code and BC Fire code are met (detail equivalencies, if any). Additional comments may be required at the Building Permit review. Fire Department access is to be within 3-15M of the primary entrance as per the 3.2.5.5 of the BCBC. Standpipe connections in the stairwells are to be installed on the intermediate landings as per NFPA 13.

6.4 Public Health Inspector

No comment.

7.0 LAND USE MANAGEMENT DEPARTMENT:

Acknowledging the challenges with vehicular access, an irregular lot shape, the neighbouring substation and the substantial road reserve requested, the consolidated site is a challenging development site. That being said, the fronting road arterials of Lakeshore Rd and Richter St meet at the southern gateway of the South Pandosy Urban Centre. Combining the intersection with the approved six storey mixed-use project to the north ("Caban") and a proposed townhome development to the south, the proposed land use and density could be considered appropriate for the site which is within the Urban Centre.

The requested C9 - Tourist Commercial reflects the nature of the area - across from popular Gyro Beach Park, between the commercial core of South Pandosy and the major hotel/residential uses in the Capozzi/Truswell area. The mixed-use development would provide residential units with optimal access to Okanagan Lake with commercial uses servicing Gyro Beach and surrounding residents. The Official Community Plan amendment to from Major Park/Open Space to Commercial simply references the existing beach parking lot to be replaced by the Lakeshore/Watt Rd parking lot, and is considered to be consistent with OCP policies.

Based on the above considerations, the Land Use Management Department is supportive of the proposed zoning and OCP amendment applications. Pending Council's favourable consideration, further discussion on the form and character of the proposed building and the variances being sought would be heard at a later date.

In October 2007, Council passed a recommendation directing Staff to withhold support from OCP amendments within the South Pandosy sector of the City where such amendments would provide for more residential units than are currently permitted. However, no net increase in residential units exempts this project from the interim policy direction. The Commercial designation being sought would be replacing the land which was formerly designated as Commercial at the Lakeshore/Watt Rd site (future Gyro Beach Parking lot). In addition, the Development Engineering Branch has expressed no concerns regarding the OCP amendment.
