2.0 SUMMARY:

This application is seeking to rezone the subject property from the RU1 - Large Lot Housing zone to the RU1s Large Lot Housing with a secondary suite zone to legalize a secondary suite within a single family dwelling.

3.0 BACKGROUND:

The application for rezoning was made in response to a bylaw investigation. A large home constructed in 2005 occupies the subject property. There are several examples of properties containing the "s" designation in the immediate vicinity.

The two bedroom suite is compact. It has two accesses, the primary one on the west side of the single family dwelling and another which leads out to the private open space.

A handwritten signature in dark ink, appearing to be a stylized 'A' or 'B' followed by a flourish.

The proposed application meets the requirements of RU1s- Large Lot Housing with a secondary suite zone follows:

The subject property is located on the east side of Renshaw Road, near Pearson Road Elementary School in Rutland. More specifically, the adjacent land uses are as follows:

North	RU1 - Large Lot Housing - Residential
East	RU1 - Large Lot Housing
South	RU1 - Large Lot Housing
West	RU1 - Large Lot Housing

3.2 Site Location: 729 Renshaw Road

4.0 CURRENT DEVELOPMENT POLICY

The RU1s - Large Lot Housing with Secondary Suite zone is being proposed for this property. The purpose of this zone is to provide for single detached housing as a principal use, and compatible secondary uses.

4.1 Kelowna 2020 - Official Community Plan

The proposal is consistent with the future land use designation of Single/Two Unit Residential in the Official Community Plan. The Single/Two Unit Residential designation covers single detached homes for occupancy by one family, single detached homes with a secondary suite, semi-detached and detached buildings used for two dwelling units, and complementary uses.

5.0 TECHNICAL COMMENTS

The application has been submitted to various technical agencies and City departments, and the following relevant comments have been submitted:

5.1 Development Engineering

The subject property is connected to the Municipal wastewater collection system. The subject property is located within the Black Mountain Irrigation District (BMID). All charges and fees must be paid directly to BMID.

5.2 Fire Department

Requirements of Section 9.36, Secondary Suites, of the BCBC 2006 are to be met. Fire separations are required between the suite and the main home as per BCBC 2006.

5.3 Building and Permitting

Building permit required. Open building permit BP31023 should be addressed. Development cost charges are to be reviewed at time of building permit application.

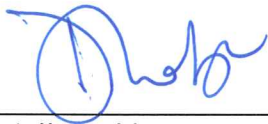

5.4 Bylaw Services

Bylaw Services has an open Illegal Suite file, #141655, which was generated on April 14, 2009 and still remains open to date.

6.0 LAND USE MANAGEMENT DEPARTMENT COMMENTS

This rezoning application is one of many on a Renshaw Road in direct response to bylaw investigations. Several recent rezoning applications to the "s" designation have been successful within the neighbourhood.

This proposal allows for more efficient use of the subject property and helps to diversify the housing supply in the area. The Land Use Management Department notes that policies within the Official Community Plan support the sensitive integration into existing neighbourhoods, where services are already in place and densification can easily be accommodated. Minimal impact (if any) is anticipated on abutting properties, as parking requirements and private open space provisions can easily be achieved on-site.
