Subject: Friendship Agreement with Guilin China

Hi Sharon,

Robert Sun and I have met with Norm Letnick and Richard Lee, Parliamentary Secretary for Multiculturalism.

Richard and I have agreed that Guilin China would be a good city for Kelowna to make a Friendship Agreement with. Richard provided the business cards that he got from 3 of the top officials of Guilin (Mayor, Secretary General and Deputy Director) for me to make contact.

In order to proceed with this project I would like to see that City Council will find it agreeable.

Would you be able to help me compose a request to Council for their opinion in this matter and approve of opening a dialogue with the Government of the City of Guilin?

I have my visa and booked flight to China for 31 August and hope we can get approval before I leave. My return to Canada is booked for 23 January, 2012, but I may return at an earlier date.
