To Whom It May Concern,

We are replacing some roof top HVAC equipment at the Orchard Park Mall located at 2271 Harvey Avenue in Kelowna, B.C.

This installation requires the service of a helicopter to reach the distance required for the placement of the units onto the roof. Alpine Helicopters have been contracted to complete this work between 7:00 am and 9:00 am on September 14th, September 21st, and September 28th. They will be required to land on site, however, the area will be secured to eliminate public access.

We respectfully request your approval for the helicopter work at this location during the dates and times indicated.

Sincerely,

Ken Tremeer
Manager
