4.3 City Manager, Verbal Report, re: Kelowna Joint Water Supply Strategy

City Manager:

- Reported out on the May 2, 2012 meeting between Ministry staff, the Water Utility representative and the City Manager.
- Advised that the following issues were discussed:
 - o Are existing systems able to integrate to ensure appropriate service levels?
 - o Is there an ability to maintain the provision of water to agriculture at a sustainable cost to farmers?
 - o The goal for all suppliers is to meet the Canadian Drinking Water Guidelines.
 - o Equity Amount Rates - This does not mean that all rates are equal.
 - o Governance Model - Some irrigation districts equate this to dissolution. The City views this as having a long-term strategy to achieve the aforesaid objectives.
- Advised that the Ministry wants the City of Kelowna and Irrigation Districts to work cooperatively and are looking for measured progress towards the agreed upon plan.
- Advised that the Province does not have an issue with having different water rates.
- Advised that the Province does not necessarily equate governance with dissolution, however an implementation strategy is required.
- Advised that it is understood by all parties that in the long-term, there will only be one water service provider.
- Responded to questions from Council.

General Manager, Community Services:

- Responded to questions from Council regarding the costs of filtration.

Staff:

- Responded to questions from Council regarding the filtration process.
