Roadway Point of Intersection (B)

The Roadway Point of Intersection (B) is defined as the intersection where the centrelines of the two travel lanes meet. For sightline investigations to the left of the Minor Road, the near side travel lane of the Major Road would be used. For sightline investigations to the right of the Minor Road, the far side travel lane of the Major Road would be used.

Position of Stopped Vehicle (C)

The location of a vehicle waiting to depart the minor road will be field determined by enforcement staff. This point will be 5.0 metres from the edge of the outside travel lane of the major road, nearest the minor road.
